## TWO YEAR DEGREE

### ASSOCIATE DEGREE IN NURSING

The Associate Degree Nursing Program at Western New Mexico University is accredited by the National League for Nursing Accrediting Commission, 61 Broadway, 33rd Floor, New York, NY 10006, telephone (212) 363-5555, extension 153. The Associate Degree Nursing Program at WNMU is approved by the New Mexico Board of Nursing, 6301 Indian School NE, Suite 710, Albuquerque, NM 87110, telephone (505) 841-8340. It is a limited enrollment program. All students interested in applying for admission must first be admitted to WNMU as specified earlier in this catalog. Students may then contact the Department of Nursing to apply for admission to the program. All nursing students are advised by nursing faculty. All students admitted to the nursing program must have a minimum 2.75 grade point average. Students planning to apply for the program are encouraged to enroll in supporting courses if they are not accepted into the program. The number of supporting courses completed is also considered in the student selection process.

Students who have been convicted of a felony involving immoral behavior or substance abuse may not be eligible for licensure in New Mexico. Any individual who has a felony conviction should contact the New Mexico Board of Nursing prior to enrolling in the WNMU Nursing Program. If during the two year program, a student is unable to complete a clinical rotation because he/she is excluded from a facility for criminal record, he/she will not be able to complete the program.

Licensed Practical Nurses may be admitted to the Nursing Program with advanced standing on a space-available basis. Eligible LPN applicants must meet the following criteria:

1. Completion of the admission requirements for the Nursing Program.
2. The student must be a graduate of an approved school of practical nursing.
3. The student must hold an active license to practice nursing in New Mexico.
4. The student must have completed or received transfer credit for the supporting courses required in the Nursing Program.
